---

---

---

Service dogs must be individually trained to do work or perform tasks for the benefit of an individual with a disability. They must be physically capable of performing these tasks and of tolerating certain conditions depending on the owner's individual needs. Examples of possible tasks/conditions but not limited to are:

- Walking on hard surfaces to accompany owner and climbing into cars or onto buses without any assistance.
- Balancing and Bracing work
- Wearing a walking harness
- Assisting owner to rise from floor, chair, etc.
